## TREASURY DEPARTMENT

WASHINGTON

October 12, 1930.

American Numismatics Society,  
New York, N.Y.

Gentlemen:

I am enclosing a card received from the Imperial Japanese Mint with the suggestion that you might deem it appropriate to communicate directly with the Japanese Mint in regard to the journals of the American Numismatics Society.

Respectfully,

*May M. O'Reilly*

Acting Director of the Mint.

May 23rd, 1921.

Mr. H. Ikebukuro,  
Imperial Mint,  
Osaka, Japan.

Dear Sir:-

Your post card of September 1920, addressed to the Government Printing Office, Washington, has been forwarded to this Society through the Director of the Mint.

We have published the American Journal of Numismatics for more than fifty (50) years and can furnish a great many of the separate numbers, also have two or three complete sets priced at \$150.-

We have not issued any numbers for 1920 or 1921, and are not certain when we will again publish them regularly. We have issued an index of all the subjects in the first fifty volumes of the Journal containing everything before 1917, price \$3.-

Instead of the Journal we are publishing from time to time small books on a single subject called "Numismatic Notes and Monographs". These vary in price from fifty (50) cents upward.

The following have appeared or are in press:

Coin Hoards, by S. P. Hoo,	Price	\$0.50
Octobols of Histiasa, by E. T. Newell,	"	"
Alexander Hoards, No. 1, by E. T. Newell,	"	"
Jenny Lind Medals, by L. Westervelt,	"	"
Mexican Revolutionary Coins, by H. Wood,	"	1.00

We would be glad to have all Japanese Mint Reports for our library, which is one of the great collections of numismatic books.

We would also like to receive offers of books on the coins of Japan, China and Korea which

are not in our library.

We will be glad to be of use to you in any way we can, and if you can help us to get all possible information about the coins of the Far East, we will be very grateful.

Yours very truly,

Treasurer.
